

UNION COUNTY RECYCLING MARKETS DIRECTORY

A COMPLETE GUIDE TO RECYCLING IN UNION COUNTY

REV. JAN. 2011

Union County
We're Connected to You

A Service of
the Board of
Chosen Freeholders

INTRODUCTION

State and local regulations make recycling everybody's business. This directory is intended to help you establish and maintain an effective recycling program, one that can help save your business money and help the environment. Currently, market demand is strong for certain recyclable products - which means you may be able to sell materials previously thought to be garbage.

The Union County Markets Directory provides contact information for recycling companies in and around Union County at which businesses and residents can dispose of recyclable waste.

The companies in this directory are listed according to materials accepted as seen in the table of contents. A comprehensive list of all companies in alphabetical order appears in the Market Index.

It is recommended that you call the facility for additional and up-to-date information before bringing waste to any of the locations provided. Each vendor may differ in fees, regulations and/or disposal instructions. The businesses listed are not owned or operated by Union County.

The ultimate success of Union County's recycling initiatives depends on cooperation from residents and businesses alike.

Recycling isn't just everybody's business – it's just plain good business.

Deborah P. Scanlon
Freeholder Chair
